

regulators about bank losses.<sup>i</sup> TARP lost \$30 million when the bank failed. We have referred to the Justice Department for prosecution our investigations of TARP's PPIP program, which unlocked frozen credit markets by trading in mortgage-backed securities using TARP dollars. In January, in the first case of this type of securities fraud, a jury convicted a Wall Street trader for increasing his firm's profit by defrauding a PPIP manager. Other traders have been convicted. Another trader was recently indicted, and trials for other traders are in upcoming months.<sup>ii</sup>

*Mortgage Fraud:* With the HAMP application period over, we are prioritizing investigations of mortgage servicers, and ending investigations into con artists that stole from homeowners seeking admission into the program. SIGTARP brought justice through convictions for these crimes with victims across all 50 states. One victim testified that after her servicer lost her application, she fell prey to a scam promising admission into the program. Her home and thousands of dollars were lost. Her story underscores the harm caused when mortgage servicers do not follow HAMP's rules, and why they must be held accountable to the rules and law.

### **Proactive Investigative Efforts to Speed Up the Identification of Crime**

TARP will spend an additional \$10-14 billion through 2023.<sup>iii</sup> To find crime quickly, we pair data analysis with our list of red flag identified in previous and ongoing investigations. This includes in the HHF blight demolition subprogram.

### **Promoting a Culture of Return on Investment**

I promote a culture of ensuring recoveries and cost-savings. SIGTARP's investigations have recovered \$10 billion, which translates to a 40-times return on investment.<sup>iv</sup> For the last three fiscal years, recoveries to the Government exceeded our budget request, including \$52 million recently recovered from Ally Financial. Section one of this report shows luxury cars, boats, and land seized. SIGTARP also has made \$2 billion in cost saving recommendations.

This includes \$223 million in cost-saving recommendations this year, \$161 million of which will already be realized. We continue to identify savings and prioritize recoveries.

*Property recently recovered includes luxury cars bought with TARP dollars by the former CEO of One Bank for his wife and children. \$4 million was also recovered for the Government. The CEO deceived Treasury in applying for TARP. Two weeks after the bank received TARP, the CEO diverted millions to himself.*

<sup>i</sup> Criminal charges contain an allegation that a defendant committed a crime. Every defendant is presumed innocent until and unless proven guilty.

<sup>ii</sup> Criminal charges contain an allegation that a defendant committed a crime. Every defendant is presumed innocent until and unless proven guilty.

<sup>iii</sup> Treasury is obligated to pay \$7.01 billion to, and committed to pay an additional \$3.93 billion to, Ocwen, Wells Fargo, JPMorgan Chase, Bank of America, Nationstar, SPS, CitiMortgage, and more than 130 mortgage servicers through TARP's Making Home Affordable Program. Under TARP's Hardest Hit Fund, which was scheduled to end in FY 2018, but was extended and expanded by \$2 billion in the Consolidated Appropriations Act of 2016, recipients of TARP dollars include 19 state agencies, 38 cities/counties, 147 individuals, eight for-profit companies, 158 non-profits, 39 land banks, hundreds of demolition contractors, homebuyers, and homeowners. Treasury is committed to pay an additional \$3.2 billion.

<sup>iv</sup> Compared to SIGTARP's lifetime of annual appropriations as of FY2016, includes fines, restitution, forfeiture, and full homeowner relief by a large financial institution.

Finally, I wish to express my deep gratitude for the support that members of Congress provide to SIGTARP, through requested audits, letters supporting our recommendations, and many public and in-person expressions of strong support. I can assure you that we continue our vigorous watch over taxpayer dollars in TARP.<sup>v</sup>

Respectfully,

MEMORANDUM FOR THE ATTORNEY GENERAL

THROUGH: THE DEPUTY ATTORNEY GENERAL

FROM: Lee J. Lofthus  
Assistant Attorney General  
for Administration

SUBJECT: 2017 Presidential Rank Award (PRA) Finalists

PURPOSE: To obtain the Attorney General's signature of approval of DOJ's list of Presidential Rank Awards (PRA) vetting verification form for the Office of Personnel Management (OPM).

TIMETABLE: This approval must be completed and returned to OPM no later than 5:00 p.m., Friday, June 2, 2017.

DISCUSSION: The PRA is the highest award that can be bestowed on a career executive. There are two categories: 1) the *Distinguished* PRA is awarded to leaders for sustained extraordinary accomplishments at 35 percent of base pay, limited to one percent of government-wide executives; and, 2) *Meritorious*, awarded to leaders for sustained accomplishments at 20 percent of base pay limited to 5 percent of government-wide executives. The PRA cycle is annual, calling for nominations from all Federal agencies in a December or January timeframe.

For PRA 2017, all DOJ Components submitted worthy nominations in January, and the SERB met to consider and make final recommendations. OPM typically asks all nominating agencies to vet their nominees in the spring, although DOJ conducts thorough vetting before the submission in January as well. The President will make the final decision on these award nominations likely in the fall of the year, and OPM will notify agencies of the President's decision. No public announcements of the award are allowed until authorization is received from OPM. The PRA 2018 cycle will likely follow the same calendar.

As every year, OPM vets the recommended PRA finalists for the Department of Justice (DOJ), by asking us to verify complete and accurate records relating to any allegation of discrimination in violation of EEO statutes or merit system principles for each finalist.

The Office of Professional Responsibility, the Office of the Inspector General, the Equal Employment Opportunity Staff, and the Office of Attorney Recruitment and Management have vetted each nominee. These offices have reported that currently there is no adverse information that would prevent any DOJ finalists from receiving Rank awards. Nominees who gain approval by OPM's panel of private citizens will be vetted again when OPM sends the "eyes only" final recommendation letter to the Department later this year.

RECOMMENDATION: I recommend that you sign the attached verification list of Presidential Rank Award Finalists.

MEMORANDUM FOR SELECT HEADS OF EXECUTIVE DEPARTMENTS AND

COUNCIL OF THE INSPECTORS GENERAL ON INTEGRITY

FROM: STEPHEN T. SHIH *Stephen T. Shih*  
DEPUTY ASSOCIATE DIRECTOR  
FOR SENIOR EXECUTIVE SERVICES  
AND PERFORMANCE MANAGEMENT

Subject: 2017 Presidential Rank Awards (PRA) Program  
Verification of Allegations of Violations Involving Equal Employment  
Opportunity (EEO) Statutes or Merit System Principles

I am writing to inform you the U.S. Office of Personnel Management (OPM) is in the process of vetting the list of recommended finalists from your agency for selection to receive Fiscal Year (FY) 2017 Presidential Rank Awards, and to request your verification that your agency has fully provided complete and accurate records relating to any allegation of discrimination in violation of Equal Employment Opportunity (EEO) statutes or merit system principles involving each finalist. Please review the attached list of finalists from your agency and verify the appropriate authorities have been contacted and your agency has provided OPM with all records, within the last 5 years, involving an allegation of violation of an EEO statute (listed and described at <https://www.eeoc.gov/laws/types/index.cfm>) or merit system principles (listed and described at <https://osc.gov/Pages/PPP.aspx>) relating to the finalists being vetted for the Presidential Rank Award (including open or closed complaints/grievances or settlements in which the finalists had any involvement), and that no additional relevant records are available.

As in the past, we remind agencies that the mere existence of EEO or merit systems related charges, complaints, or settlements involving a finalist do NOT by themselves constitute disqualifiers for the award. Any such records provided will be carefully considered on a case-by-case basis, and in the context of the entire case, such as whether there was an actual adverse finding, and the nomination package as a whole.

Please respond no later than June 2, 2017 to [PRAProgram@opm.gov](mailto:PRAProgram@opm.gov). For further information, please contact Karen English or Anthony Marsilio by telephone at (202) 606-2246 or by email at [PRAProgram@opm.gov](mailto:PRAProgram@opm.gov).

Dear Deputy Attorney General Rosenstein and Acting Director McCabe:

On Wednesday, May 3, 2017, the Senate Judiciary Committee held a hearing titled, *Oversight of the Federal Bureau of Investigation*. At the hearing, there were several matters discussed that require follow-up briefings for the Committee that the former Director committed the Bureau to providing.

In addition, on March 15, 2017, both of us received a briefing from former FBI Director Comey about the FBI's investigations of Russian interference in the 2016 election. We request that Mr. Rosenstein and/or Mr. McCabe, along with others who have firsthand knowledge of that briefing, provide a similar briefing to the rest of the Committee. Reportedly, the Select Committee on Intelligence received a briefing from Mr. Rosenstein on this yesterday. As the oversight committee of the FBI, it is important that the members of this Committee receive the same information.

Please contact Patrick Davis of Chairman Grassley's Committee staff at (202) 224-5225 and Heather Sawyer of Ranking Member Feinstein's staff at (202) 224-7703 by 5:00 p.m. today to schedule the briefings. Thank you for your immediate attention to these important matters.

Should I not hear from you I will forward this to the FBI agents association, FBIAA.org so they can help me get in touch with the right FBI office tomorrow morning. This goes right in line with the other FBI complaints involved with Hillary , the DNC and others so they can see that almost all Democrats are nothing but thugs and would go to the extreme of putting millions in peril solely to get money from unions for political events.

I can show where millions in each state have been purposely exposed to NCR paper because all of you refuse to make sure warnings are given.

I am going to be sending this out tomorrow morning to major media so it will be known that Kaine, McAuliffe, Hillary and Bill Clinton so the additional Racketeering by all of them and possibly you guys, this will have a dramatic impact on the investigation. Check with June Jennings, copied, the Inspector General for the Commonwealth of Virginia. A letter from her dated June 20, 2016, states that she and her office have opened a complaint NO. 2016-0201 to investigate the claims of fraud, conspiracy, Racketeering by Hillary and Bill Clinton, Terry McAuliffe, Tim Kaine, the unions and others I have made. I realize that June Jennings, Ray Davenport and others within the state of Virginia and you guys are conspiring to keep this information secret until after the election.

As all of you know, I have a lot of emails to prove fraud and Racketeering by Hillary and all other Democrats running for office. My information shows the lengths Democrats will go to in order to win. You have purposely put millions in direct risks for potential adverse health effects, disabilities, birth defects, cancer and death solely in order to collect and use union dues for Hillary and other Democrats campaigns. This will come out in the massive media attention you are getting.

In addition to helping to cause adverse health problems , disabilities, birth defects, cancer and death from such use and exposure, the unions have conspired not to resolve the related disability claims.
