Dear Parent(s) or Guardian:

This letter and the three enclosures are being sent to you because you are the parent(s) or guardian of the above-named account holder, who has at least one Individual Indian Money (IIM) account managed by the United States Department of the Interior (DOI). DOI's Office of Historical Trust Accounting (OHTA) recently performed an accounting of this account from the time it was opened through December 31, 2000. You will find a Historical Statement of Account enclosed with this letter. Please read the following information in this letter and the three enclosures carefully. They provide you with the following important information about the account:

- **Accounting Results:** Important information about the account, including limitations on the accounting and whether errors or losses were detected.
- **Accounting Approach:** How the historical accounting was performed.
- **What You Should Do Next:** Provide comments on the historical accounting.
- **Class Members Notice:** A court ordered notice to potential class members.
- **Questions:** Who will answer questions and where you may obtain additional information.

Accounting Results: The balance shown on the Historical Statement of Account as of December 31, 2000, agrees with the balance maintained by DOI's Office of Trust Funds Management (OTFM) as of the same date. The accompanying Historical Statement of Account details the receipts, interest, and other activity for the account holder's account from the opening deposit through December 31, 2000. **Please note that the account balance shown is for December 31, 2000.** For information about the account activity and balances after December 31, 2000, please refer to the Statement of Account sent to you quarterly by OTFM. In addition, the Historical Statement of Account does not reflect any funds or transactions for any other accounts that the account holder may have.

DOI has identified several historical accounting issues that may affect the amount of interest paid to the account. Please read the enclosed *Statement of Accounting Limitations* to learn more about these important issues and how they might affect the account.

Accounting Approach: In performing the accounting, OHTA reviewed documents verifying the posted Judgment award(s), the approved tribal resolution distributing the award(s) to tribal members, and the plan governing the use and distribution of the award(s). OHTA also verified any other receipts, disbursements, or transfers affecting your account and the monthly interest based on the interest rate distribution factor determined by OTFM. An independent accounting firm reviewed the historical accounting work to ensure correctness.

What You Should Do Next. Please compare the Historical Statement of Account (Historical Statement) to your files and records to determine if they agree with the Historical Statement and the balance it shows on December 31, 2000.

If you believe that the Historical Statement or the balance it shows are incorrect, you may provide OHTA with a written explanation, including any documents, papers, or information you want OHTA to consider. Please submit your comments to OHTA within 90 calendar days of the postmark on the envelope containing this letter. Please mail your comments to the following address:

Executive Director
Office of Historical Trust Accounting,
U.S. Department of the Interior
1801 Pennsylvania Avenue, NW, Suite 500
Washington, DC 20006

OHTA will consider any materials and information you provide and will respond to you after it receives your comments.

Norton*, No. 1:96CV01285 (D.D.C.) (Judge Lamberth). The IIM account holder for whom the attached Historical Statement of Account was prepared will not eliminate or adversely affect any rights that he or she may have as a class member by failing to challenge the attached Historical Statement of Account.

As a potential class member, the IIM account holder for whom the attached Historical Statement of Account was prepared has the right to consult with the class counsel in the *Cobell* litigation about this Historical Statement of Account or any other matter. The accompanying Historical Statement of Account details the receipts, interest, and other activity for the account holder's account from the opening deposit through December 31, 2000. **Please note that the account balance shown is for December 31, 2000.** For information about the account activity and balances after December 31, 2000, please refer to the Statement of Account sent to you quarterly by OTFM. In addition, the Historical Statement of Account does not reflect any funds or transactions for any other accounts that the account holder may have.

DOI has identified several historical accounting issues that may affect the amount of interest paid to the account. Please read the enclosed *Statement of Accounting Limitations* to learn more about these important issues and how they might affect the account.

Accounting Approach: In performing the accounting, OHTA reviewed documents verifying the posted Judgment award(s), the approved tribal resolution distributing the award(s) to tribal members, and the plan governing the use and distribution of the award(s). OHTA also verified any other receipts, disbursements, or transfers affecting your account and the monthly interest based on the interest rate distribution factor determined by OTFM. An independent accounting firm reviewed the historical accounting work to ensure correctness.

What You Should Do Next. Please compare the Historical Statement of Account (Historical Statement) to your files and records to determine if they agree with the Historical Statement and the balance it shows on December 31, 2000.

If you believe that the Historical Statement or the balance it shows are incorrect, you may provide OHTA with a written explanation, including any documents, papers, or information you want OHTA to consider. Please submit your comments to OHTA within 90 calendar days of the postmark on the envelope containing this letter. Please mail your comments to the following address:

The accompanying Historical Statement of Account details the receipts, interest, and other activity for the account holder's account from the opening deposit through December 31, 2000. **Please note that the account balance shown is for December 31, 2000.** For information about the account activity and balances after December 31, 2000, please refer to the Statement of Account sent to you quarterly by OTFM. In addition, the Historical Statement of Account does not reflect any funds or transactions for any other accounts that the account holder may have.

DOI has identified several historical accounting issues that may affect the amount of interest paid to the account. Please read the enclosed *Statement of Accounting Limitations* to learn more about these important issues and how they might affect the account.

Accounting Approach: In performing the accounting, OHTA reviewed documents verifying posted Per Capita payments (distributions from the Tribe). OHTA also verified other receipts, disbursements, or transfers affecting your account and the monthly interest based on the interest rate distribution factor determined by OTFM. An independent accounting firm reviewed the historical accounting work to ensure correctness.

What You Should Do Next: Please compare the Historical Statement of Account (Historical Statement) to your files and records to determine if they agree with the Historical Statement and the balance it shows on December 31, 2000.

If you believe that the Historical Statement or the balance it shows are incorrect, you may provide OHTA with a written explanation, including any documents, papers, or information you want OHTA to consider. Please submit your comments to OHTA within 90 calendar days of the postmark on the envelope containing this letter. Please mail your comments to the following address:

Historical Statements of Account

How to Read Your Historical Statement of Account

Your Historical Statement of Account describes the transactions associated with either a judgment account or a per capita Individual Indian Money (IIM) account. If your IIM account is a judgment account, money was awarded to the Tribe as the result of a lawsuit and then distributed to each enrolled member of the Tribe. Per capita funds also represent Tribal payments to individuals, but the money comes from a source other than a judgment award, such as Tribal timber sales. The details of your account are included in the Historical Statement of Account.

Account Statement

Your account opens with a beginning balance of zero. The first transaction identifies the judgment or per capita payment made into your account. Each entry after that represents a transaction occurring in the account. A date and description of each transaction is included in your Statement. Your Statement ends with the account balance as of December 31, 2000. THIS IS NOT THE CURRENT BALANCE. Unless otherwise stated in the cover letter, our review of your account concludes that the judgment or per capita payment, account transactions, and the December 31, 2000, balance are correct.

What Should I Do With This Historical Statement of Account?

- Carefully review the Historical Statement of Account and compare it to your records.
- If you agree with the results shown on the Historical Statement of Account, please retain it with your other records.

- If you do not believe that the Historical Statement of Account or the balance it shows are correct, you may provide OHTA with a written explanation, including any documents, papers, or information you want OHTA to consider. Please submit your comments to OHTA within 90 calendar days of the postmark on the envelope containing this letter. Please mail your comments to the following address:

Questions and Answers

Why are you receiving this Historical Statement of Account?

The American Indian Trust Fund Management Reform Act of 1994 provides that IIM account holders be given an accounting of the funds held in trust. Your Historical Statement of Account has been prepared to assist you in understanding the transactions affecting the funds in your account.

Why does the historical accounting end on December 31, 2000?

December 31, 2000, was selected because all Bureau of Indian Affairs (BIA) Regions and Agencies had converted to the Trust Funds Accounting System (TFAS) by this date. Quarterly statements have been mailed for IIM accounts since early 2000, except for estate accounts and account holders whose current address is unknown.

Will you receive a check for the balance shown?

No, this historical accounting is similar to a bank statement. The purpose of the historical accounting was to review your account and make sure it was correct as of December 31, 2000.

Questions and Answers (continued)

Are you owed money?

The amount shown on your Historical Statement of Account represents the balance of your IIM account on December 31, 2000. For information regarding account activity and balances after December 31, 2000, please refer to the quarterly Statement of Account sent to you by the Department of the Interior Office of Special Trustee (OST). The amount shown on your most recent Statement of Account is the balance held in trust for you as of the date of the Statement, and will be paid subject to applicable terms of your account.

What time period is covered by the historical accounting?

Your Historical Statement of Account begins with the date the account was opened and concludes on December 31, 2000. The account balance shown for December 31, 2000, is NOT THE CURRENT BALANCE.

How can you find out your IIM account activity after December 31, 2000?

OST periodically provides a Statement of Account for IIM accounts. The most recent Statement of Account provided by OST will include the balance for your IIM account as of the date of that Statement. If you wish to obtain the current balance, you should contact your local BIA Agency Office or OST toll free at 1-888-678-6836, Extension 888.

Does your Historical Statement of Account cover any other IIM accounts you may have?

No, your Historical Statement of Account only addresses the transactions occurring for the judgment or per capita account number identified on the Historical Statement of Account.

How can you report a change of address?

To report a change in address, please call or write your local BIA Agency office. In an attempt to locate IIM account holders whose Statements are returned to OHTA by the U.S. Postal Service as not deliverable, the names of those whose Historical Statement of Account is returned will be available for review at your Tribal Headquarters, BIA Agency offices, and OST locations.

Where Can I get More Information?

You can request more information on your IIM Account activity after December 31, 2000, by mail or telephone.

Statement of Accounting Limitations

By statute and policy, funds in the Individual Indian Trust Fund have, typically, been invested in securities issued by the U.S. Treasury and U.S. Government sponsored entities. Maturities range from overnight investments with the U.S. Department of the Treasury to over 10 years with a large concentration in the 5-10 year sector.

Office of the Special Trustee (OST) of the Department of the Interior (DOI) determines the monthly interest factor to credit interest to each Individual Indian Money (IIM) account based on the total interest earnings for the month and the total average dollar balances of IIM accounts for the month. The interest factor used to determine the amount of interest credited to the account changes with the total amount of invested funds and the prevailing rates of interest. For your information, the following page contains a comparative summary of interest rates on investment pools similar to the IIM Trust Fund.

DOI has identified potential discrepancies that may affect invested funds accruing interest. Although DOI believes that these discrepancies are minimal, they may have a small impact on the amount of interest credited to an account. When this issue is resolved as the historical accounting project progresses, DOI will request an appropriation from Congress to address this issue.

While the account holder's IIM account may be credited with additional interest in the future, the Historical Statement of Account is a crucial, important step in completing the overall historical accounting project for all IIM accounts. As a result of the work performed on the accompanying Historical Statement of Account, DOI has confirmed several things.

- The initial deposit into the IIM account was correct.
- No improper disbursements were made from the account through December 31, 2000.
- The interest calculated by OST, based on the monthly interest distribution factor, was properly applied to the account.

As our work on the historical accounting project progresses, DOI will confirm the amount of interest an account may be entitled to and explain to you how any such interest was determined.
