*The United States Attorneys' Manual is for the use of Department of Justice employees only. This is manual No. 982. You are responsible for safeguarding it, and for seeing that it is maintained in a current condition. You will be called upon to return this copy of the manual when you leave the service of the Department.*

### How To Use Index

Grasp entire text (except for front and back cover) between fingers and thumb.

Raise and bend back to left until pages are bent nearly double.

Edge index markings on this page will correspond with those on page edges.

**DISCLAIM**

Due to poor quality of the print original, there are some problems: some tables and forms could not be tagged appropriately, some pages are missing, etc.
