UNITED STATES' REPORT ON EXTENSIONS OF TIME FOR DIVESTITURES

Plaintiff, United States of America, hereby informs the Court of certain extensions of time that it has agreed to grant to the Defendants in this matter to complete the divestitures of Parking Facilities required by the Final Judgment. The Court entered and filed the Final Judgment as of January 3, 2013, and notice of entry to Plaintiff and Defendants was given on the same date. Under Paragraph IV.A of the Final Judgment, Defendants were then required to divest all their interests in the Parking Facilities listed in Schedule A within five days after notice of entry of the Final Judgment, that is, by January 8, 2013.

Paragraph IV.D of the Final Judgment permits the United States, in its sole discretion, to agree to one or more extensions of the time period for divestiture, not to exceed ninety calendar days in total. The same provision also requires the United States to inform the Court of any such extensions granted.¹ Defendants have advised the United States that 50 of the 107 divestitures of

¹ No action on the part of the Court is necessary at this time.

Parking Facilities required by the Final Judgment were completed prior to the January 8, 2013 deadline. However, 57 other Parking Facilities had not yet been divested as of January 8, 2013.

On January 8, 2013, the United States agreed to limited extensions of time for completion of the remaining 57 divestitures of Parking Facilities pursuant to the Final Judgment, based on the representations of Defendants that additional time would be needed to complete those divestitures and Defendants' explanations of the need for additional time. In granting these extensions, the United States has considered the substantial progress that Defendants have already made, with nearly half of the required divestitures completed. The United States has also taken into account Defendants' representations that they believe they can complete about two-thirds of the remaining divestitures, a total of 39 Parking Facilities, by the end of January 2013. Defendants have represented they believe they can complete almost all of the remaining ones, a total of 17 Parking Facilities, by the end of February 2013.² Only one Parking Facility is expected to require until the end of March 2013 for the divestiture to be complete. Defendants have represented that the longer period needed here is attributable to the involvement of the owner in the process of selecting a new operator, and delay resulting from the holiday season, as this Parking Facility serves a large shopping mall in Denver. Defendants have also noted that the Asset Preservation Stipulation and Order entered by this Court on October 1, 2012 obliges them to continue to ensure that the Parking Facilities remain economically viable, competitive and ongoing providers of off-street parking services pending divestiture.

² This second group primarily consists of facilities where the divestitures are being accomplished through terminations of agreements with the owners and the delay is attributable in part to the need to give 60 days' advance notice of terminations under Paragraph IV.K of the Final Judgment.

The time extensions to complete the divestitures of individual Parking Facilities agreed to by the United States are as follows:

1. For the following 39 Parking Facilities, the United States has agreed to extensions of the time for divestiture for a total of 30 days, that is, until February 7, 2013: Bronx C4, Charlotte C8, Chicago C14 and S13, Cleveland C1, C4 and C5, Columbus C5, C8 and C13, Dallas C15 and C18, Denver C13, S19, S22, S29, S33, and C58, Fort Worth C4, C6, C9, C22, C23, C24, C25, and C26, Hoboken C7, Houston C81, Kansas City S54 and C13, Los Angeles C22, Milwaukee S6, S7, and S8 (the three Milwaukee divestitures are ones for which the United States has already approved the acquiring firm, and which we understand are scheduled to be consummated on January 31, 2013), Minneapolis C18, Nashville S1, New Orleans C2, and Philadelphia C11 and C18;
2. For the following 17 Parking Facilities, the United States has agreed to extensions of the time for divestiture for a total of 60 days, that is, until March 9, 2013: Charlotte C5 and C17, Columbus C2, Denver S32, Houston C17 (which had been the subject of a substitution request that the United States rejected on December 20, 2012), Kansas City C30 and C15, Los Angeles C27, Miami C22, Minneapolis C7, New Orleans C8 and C10, Philadelphia S9 (substituted for Philadelphia C13 in the original Schedule A with the approval of the United States on December 20, 2012), Rego Park S4 and S5, and Tampa C13 and C14;
3. For the following Parking Facility, the United States has agreed to extensions of the time for divestiture for a total of 90 days, that is, until April 8, 2013: Denver C14.

For the convenience of the Court, the United States has also included with this report a modified version of Schedule A to the Final Judgment. The modified Schedule A shows the divestiture status and extensions of time for divestiture now applicable to each of the Parking Facilities. It also shows the three substitutions of other Parking Facilities for ones originally listed in Schedule A that the United States has approved, and about which it informed the Court in its Certificate of Compliance and Report on Facilities Substitution filed on December 21, 2012.

Dated: January 11, 2013
