---

To whom it may concern,

I am struggling singer-songwriter who has belonged to ASCAP for over 20 years. Each year my songs get thousands of plays on streaming music services such as Spotify Pandora etc. yet I make an average of less than one penny per play.

I appreciate your review of this set of decrees and I hope you find it in favor of adjusting the status quo to be more fair to both the streaming services and the professional songwriters.

Sincerely,

Gfire Mayo
