Re: Gunnison Energy Corporation & SG Interests BLM Natural Gas Leases

Dear Mr. Stallings,

I am writing this letter to request that the Department of Justice set aside the proposed settlement with Gunnison Energy Company and SG Interests and to vigorously investigate the other BLM auctions these companies have participated. Based upon their violation of the federal anti-trust laws and the illegal manner in which these two companies acquired the leases I would also ask that the Department of Justice revoke the four leases in question.

Thank you for your favorable consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Les Renfrow", with a long horizontal flourish extending to the right.
