

4/17/12

DEAR MR. STALLINGS

I AM writing this to let you know how disturbed I am with the GEC + SGI Settlement involving land around (EAST of) PAONIA, COLORADO.

I hadn't know, that not only is this "settlement" a pittance but that the GAS companies still owned the leases in question. Kind of like letting robbers keep the jewelry.

I would like to see at the least a "new" supervised lease sale + preferably without the participation of these offending companies.

Thank-you for your consideration in this
