Mr. William H. Stallings,

I am writing concerning the case;
Civil action No. No. 12-cv-00395-RPM-

I am concerned about the settlement
in the above case

A law has been broken and
the 2 companies concerned, Gummison
Energy Corp, & SG Interests have been
given a minimal fine and go
on doing business. William Koch
& SG Interests will continue to cheat
the people of our community if
not taken to task.

I ask you to set aside this
settlement and seek a harsher judgment.

When Tim DeChristopher from Utah
gets a hefty fine & jail time
for protesting and not for monetary
gain what should happen to
Gummison Energy Corp. & SG Interests
for lying & deceiving the "people"?

They remain in good standing by
BLM but have broken the law.

Sincerely,
Bill Tembrock
