Subject: songwriters need your help

Dear Sir / Madam,

I write to you as a struggling songwriter who has supported myself and my family for 18 years writing songs. I understand our landscape is changing and we must be in front of technology. I ask you to remember those of us who give our lives to write that song that was played at your wedding, or your grandfather's funeral or your daughter's dance recital. Those beautiful moments captured in 3:26 took me a lifetime to create. I am not wealthy. I pay taxes. I love my job and hope to continue for many more years but I need your help Please don't overlook me. Please hear me.

Thank you!!
