

GET INVOLVED, GET SAFE

Prevent Elder Abuse

Elder abuse can happen to anyone and is more common than you think. It happens when an older adult is harmed on purpose or is neglected. The abuser can be a family member, friend, or caregiver. Abusers can also be strangers who get in touch with older adults by phone, email, mail, social media, or the internet.

PLAN AHEAD

Plan for the future so you have control over your life and your money through a safety plan, a health care power of attorney, a financial power of attorney, and a will.

KNOW YOUR RIGHTS

Know your rights and what services are in your community. Find your local Area Agency on Aging (AAA).

TALK TO FRIENDS & FAMILY

If you are concerned about your safety or you feel you're being abused, talk to someone you trust.

STAY CONNECTED

Join in community events and activities with people you trust.

SAY NO

You have the right to tell people "No" when you're uncomfortable with what they are doing or saying. If "no" is not enough, find help on the next page.
