

Internet Safety Tips for Parents

- ✓ Do teach your child not to post identifying information on the Internet.
- ✓ Do set a limit for how much time your child can spend online.
- ✓ Do keep the computer in a public room in the house. Do not have an Internet-connected computer in your child's bedroom.
- ✓ Do utilize parental controls provided by your Internet Service Provider and/or blocking software. (Contact your Internet ISP if you have questions).
- ✓ Do periodically review your child's computer and emails. You should have your child's password.
- ✓ Do spend time with your child online. Have them show you their favorite online destinations. Get to know your child's online friends as you would their real-life friends. Learn to navigate the web.
- ✓ Do monitor your child's access to the Internet outside the home.
- ✓ Do talk to your child about the danger of Internet predators.
- ✓ Do watch for unexplained changes in your child's behavior.
- ✓ Do NOT hesitate to seek help from law enforcement if you think a predator may be targeting your child.
