

REPORT OF THE ATTORNEY GENERAL TO  
THE CONGRESS OF THE UNITED STATES  
ON THE ADMINISTRATION OF THE  
FOREIGN AGENTS REGISTRATION ACT OF 1938,  
AS AMENDED, FOR THE CALENDAR YEAR 1985

LISTING ACCORDING TO GEOGRAPHICAL AREA OR NATIONALITY

FIELD OF REGISTRANTS WHOSE STATEMENTS WERE IN

ACTIVE STATUS AT ANY TIME DURING

CALENDAR YEAR 1985

- (T) Indicates termination of entire registration during 1985
- (t) Indicates termination of single foreign principal in a given geographical area during 1985

The dollar figure included for each registrant represents the total amount of money received in the United States in furtherance of the agency purpose by agents working on behalf of the foreign principal. This information is based on the registrant's reporting period rather than the calendar year.

The list is compiled alphabetically by country; however, it necessarily will include foreign principals which have no association with the government.

The format utilized in this part of the report sets forth the name, address and registration number of the registrant. Following this is set forth the identity of the foreign principal, the nature of the activities engaged in, the amount of monies received and the political propaganda disseminated, if any.

REPORT OF THE ATTORNEY GENERAL TO THE  
CONGRESS OF THE UNITED STATES ON THE  
ADMINISTRATION OF THE FOREIGN AGENTS  
REGISTRATION ACT OF 1938, AS AMENDED,  
FOR THE CALENDAR YEAR 1985

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE  
UNITED STATES OF AMERICA IN CONGRESS ASSEMBLED:

I have the honor to report on the administration of the Foreign Agents Registration Act of 1938, as amended, pursuant to Section 11 of the Act (22 U.S.C. 621), which requires the Attorney General to report from time to time to the Congress concerning the administration of the Act, as well as the nature, source and content of political propaganda disseminated or distributed by agents of foreign principals registered under the Act.

It has been the policy of the Department since 1950 to prepare a report each year. This report covers the administration and enforcement of the Foreign Agents Registration Act for the calendar year 1985.

The text of this year's report lists according to geographical area or nationality field all registrants who were registered at any time during the calendar year 1985. It includes the identity of the foreign principal(s), a description of the agent's activities, a total figure for monies received, and a description of the political propaganda disseminated.

## PURPOSE OF THE ACT

The principal purpose of Congress in enacting the Foreign Agents Registration Act was to ensure that the Government and the people of the United States would be informed of the identity of persons engaging in political activities for or on behalf of foreign governments, foreign political parties and other foreign principals.

The amendments to the Foreign Agents Registration Act were designed to strengthen the basic purpose of the original Act -- i.e., to protect the interests of the United States by requiring complete public disclosure by persons acting for or in the interests of foreign principals where such activities are political in nature. The public disclosure required by the Act permits the Government and the people of the United States to be informed as to the identities and activities of such persons and to be better able to appraise them and the purposes for which they act. These amendments arose in connection with hearings held by the Senate Foreign Relations Committee in its examination of the interrelationships of nondiplomatic agents with the executive and legislative branches of the Government, as well as with our mass media.

Registration under the Act does not imply recognition by the United States Government of either the existence or legality of the foreign principal. Furthermore, registration does not indicate approval by the United States Government of the propaganda material disseminated or of the activities of the registered agent.

## STATISTICAL SUMMARY

During the calendar year 1985, the Department received 130 new registration statements and terminated 114 registrations, leaving a total of 767 active registrations on file as of December 31, 1985. Individuals acting as officials or employees or rendering assistance to a registrant for or in the interest of the latter's foreign principal filed 950 short-form registration statements under the Act, bringing the present total of active short-form registration statements to 7,649. There were 249 agreements with new foreign principals reported by agents currently registered under the Act.

In this calendar year, the staff of the Registration Unit reviewed over 1,500 supplemental statements and processed approximately 15,000 pieces of both incoming and outgoing correspondence which involved other government agencies, registrants and the general public.

## ADMINISTRATION AND ENFORCEMENT

### LITIGATION

In the case of Attorney General v. The Irish People, Inc., 502 F. Supp. 63 (D.D.C. 1980), 684 F.2d 928 (D.C.Cir. 1982), an action was commenced on August 15, 1976, against the defendant charging it with failure to register as an agent of a foreign principal as required by the Foreign Agents Registration Act. The defendant is the nominal owner and

publisher of a nationally distributed weekly newspaper The Irish People. The complaint sought a mandatory injunction requiring the defendant to register and otherwise to comply with the Act. After losing a series of motions to dismiss, the defendant filed an answer denying the principal allegations of the complaint, raising a series of affirmative defenses, and asserting several counterclaims alleging violations of certain statutory rights. On our motion, the Privacy Act counterclaim was dismissed. The remaining counterclaim alleged illegal electronic surveillance and sought both monetary and injunctive relief. On August 8, 1980, the United States District Court for the District of Columbia ruled that certain documents to which we had earlier asserted a claim of state secrets privilege, and which the court had held to be privileged, were material to the defense, and must either be produced or the action would be dismissed. The Department filed a motion for reconsideration, based on the court's erroneous application of the principles of criminal law to a civil action and its failure to comply with the Federal Rules of Civil Procedure. The court, without elaboration, denied our motion for reconsideration and granted the defendant's motion to dismiss.

The Department appealed this decision to the United States Court of Appeals for the District of Columbia Circuit. On July 2, 1982, the Court of Appeals overturned the dismissal and reinstated the complaint, ruling that the defendant was not entitled to the material. The court also agreed that even if the lower court had not erred on this issue, dismissal of our suit was not justified and some alternative should have been fashioned by the District Court, such as in the so-called Socialist

Workers Party case, In re Attorney General of the United States, 596 F.2d 58 (2d Cir. 1979).

The defendant sought rehearing either before the original panel or the entire Court of Appeals. On September 9, 1982, the Court of Appeals denied the defendant's attempt. The defendant filed a petition for certiorari with the United States Supreme Court. We opposed the petition on the basis that it was interlocutory and on that basis certiorari was denied. A subsequent motion for reconsideration was also denied.

Upon remand to the District Court, both sides filed motions for summary judgment. The motions were argued in December 1983, and in July 1984, the Court granted the plaintiff's motion and denied the defendant's except on the issue of the selective prosecution defense. This remaining issue was briefed by both parties and oral argument was held in December of that year.

On June 14, 1985, the District Court rejected the defendant's remaining defense and granted an injunction requiring the defendant to register under the Act. This decision is reported at 612 F. Supp. 647 (D.D.C. 1985). The defendant noted an appeal (No. 85-5883), and the issues were being briefed at the end of the year. Oral argument is anticipated in the Spring of 1986.

In connection with our administration of Section 4 of the Act with respect to three films distributed by the National Film Board of Canada

(NFBC), two civil actions were filed by members of the public, including a film distributor and a State Senator, alleging that their first amendment rights were violated by enforcement of the Act against the NFBC. The civil actions, styled Mitchell Block, et al. v. William French Smith, et al. (Civil Action No. 83-0672), and Barry Keene v. William French Smith, et al. (Civil Action No. 583-287 RAR), were filed in the District Court for the District of Columbia and the District Court for the Eastern District of California, respectively. The actions sought declaratory and injunctive relief against the application of the provisions of the Act to the NFBC films on First Amendment and other grounds.

The NFBC has been registered with the Department under the Act since 1947 for its dissemination of films from Canada. On January 13, 1983, following a review of five films out of some fifty titles being disseminated for the first time by NFBC, the Department advised NFBC that three of the films, Acid from Heaven, Acid Rain, Requiem or Recovery and If You Love This Planet, constituted political propaganda as defined in the Act. Consequently, the NFBC was advised to add the statutory disclaimer to the films disclosing its relationship with its foreign principal, the fact of registration and the fact that registration does not indicate approval by the U.S. Government.

On March 24, 1983, plaintiff California State Senator Barry Keene filed a civil action alleging that he wished to exhibit the films but was deterred from doing so because any connection with material "denigrated" by the Government as "foreign political propaganda" would be injurious to him. In the Keene case, the preliminary injunction against enforcement of

the Act was published as Keene v. Smith, 569 F. Supp. 1513 (E.D. Cal. 1983), and was made permanent in an opinion styled Keene v. Meese, 619 F. Supp. 111 (E.D. Cal. 1985). In the second opinion, Judge Raul A. Ramirez found that Congress intentionally used the term "political propaganda" to denigrate, and thus suppress, the speech to which it applied. The Attorney General appealed this ruling to the Supreme Court in the fall of 1985, and we anticipate that the case will be argued in the October 1986 term.

On March 9, 1983, several plaintiffs, not including the NFBC, filed a civil action in the District Court for the District of Columbia against the application of the provisions of the Act to the three films distributed by the NFBC. On May 23, 1983, the Government filed its motion to dismiss, or in the alternative, for summary judgment.

In the Block case, Judge Charles R. Richey granted the Government's motion to dismiss the complaint for lack of standing in an opinion published as Block v. Smith, 583 F. Supp. 1288 (D.D.C. 1984). Oral argument on plaintiff's appeal was heard on February 12, 1985 in the U.S. Court of Appeals for the District of Columbia Circuit, before the panel of Judges Bork, Scalia and Wright. A decision is anticipated in 1986.

#### OTHER INITIATIVES

The Registration Unit continued to conduct in-depth inspections of a broad spectrum of registrants pursuant to Section 615 of the Act. As a

result of such inspections of books and records, it was determined in several cases that disclosures were inadequate, thereby necessitating the submission of amendments to registration statements.

Unit personnel also continued to conduct field and office conferences in order to assist new registrants in fully meeting their reporting obligations under the Act. The Department also has retained the practice of distributing copies of registration statements and supplements to interested departments and agencies of the Federal Government.
