Life Saving Purchases with Equitable Sharing Funds

In recent months, the Department of Justice has received an increased number of inquiries related to the nationwide heroin epidemic. The *Guide to Equitable Sharing for State and Local Law Enforcement Agencies*, Section V.B.1.e of the interim guidance permits the use of federally shared funds for certain joint law enforcement and public safety equipment and operations. Among these uses, the Department of Justice allows Equitable Sharing Program participants to purchase Naloxone kits to be distributed to all public safety first responders, including police, fire, and emergency medical service employees. One never knows which public safety first responder will arrive on the scene first when every second counts.

SAVE A LIFE. CARRY NALOXONE.
