Sir,

Here is where we are now...

Capitol Building: Order is being restored inside the Capitol Building. Senate and House members are sheltering in place until they can be evacuated t (b)(7)(E) ██████████. VP Pence is reportedly still in the building. Once the building has been cleared, we are waiting to hear if Congress will reconvene. Outside (b)(7)(E) National Guard personnel have arrived at the grounds and are working with the U.S. Park Police and MPD to establish a perimeter. MPD is actively enforcing the 6pm curfew by ushering folks home and reminding them of imminent metro closures (8pm); as of yet, no arrests have been made for curfew violations. Multiple arrests have been made over the past twenty-four hours for assaults and illegal possession of firearms. It has been confirmed that one female civilian was shot and killed by Capitol Police and one male died of a heart attack inside. Other than minor injuries, law enforcement personnel are otherwise safe.

Resources: Full activation of the DC guard and assistance from the Maryland and Virginia guard has been requested we anticipate that several hundred more troops will arrive shortly. Additional resources across the USG (e.g., tactical response teams) are on standby; DEA is evaluating (b)(5) per DEA ██████████.

Investigation and Prosecution: FBI will be (b)(7)(E) per FBI ██████████

DOJ: CTS is working with DDC an (b)(7)(E) per FBI ██████████

Summary of activity in state capitals:

Kansas: Local news reported that people have breached the statehouse. The United States Attorney has confirmed to CTS that all state and federal facilities are safe. While small protests are going on, they have been peaceful and there has not been any breach.

Georgia: There have been news reports of an evacuation of the State Capitol. CTS has made contact with the United States Attorney's Office. The USAO has reported that the Capitol was evacuated as a precautionary measure. They are reporting small peaceful protests only.

Utah: The State Capitol building staff has reportedly evacuated. CTS has reached out to the office without response. However, news reports indicate that there was no evacuation but instead workers at the State Capitol were given an opportunity for early release and to finish their workday at home.

New Mexico: The New Mexico statehouse has reportedly been evacuated due to a gathering outside. CTS has reached out to the office, which reported a crowd of approximately 300 peaceful protestors. The evacuation was precautionary.

Oregon: There are media reports of violence at the State Capitol and that State Police have declared an unlawful assembly. USAO reports that 250-300 right wing protestors clashed with 50-75 Antifa supporters in front of the Capitol in Salem. State Police and Salem PD declared an unlawful assembly. Antifa left. Protest is now down to about 75 right-wing protestors but no violence or breach reported.

### ACTING ATTORNEY GENERAL JEFFREY A. ROSEN REGARDING THE OVERRUNNING OF THE U.S. CAPITOL BUILDING

WASHINGTON Acting Attorney General Jeffrey A. Rosen issued the following statement:

"The violence at our Nation's Capitol Building is an intolerable attack on a fundamental institution of our democracy. From the outset, the Department of Justice has been working in close coordination with the Capitol Police and federal partners from the Interior Department, the Department of Homeland Security, and the National Guard, as well as the Metropolitan Police and other local authorities. Earlier this afternoon, the Department of Justice sent hundreds of federal law enforcement officers and agents from the FBI, ATF, and the U.S. Marshals Service to assist the Capitol Police in addressing this unacceptable situation, and we intend to enforce the law of our land."

I know it's chaotic right now but I asked Tim about getting a message up the chain and he thought it best to send it to you

I've talked to the Major Cities Chiefs Association and they wanted to offer AG Rosen any assistance he may need to deal with the situation at the Capitol.

They also wanted to know if there would be any communications coming out to state and locals in case this spreads to other cities.

Just wanted to pass this along and offer to help in any way I can

Thanks and be safe.

The White Hou e i bu y but calm with no development here. Obviou ly thing are different at the Capitol. The Marine was outside the Oval Office entrance at 2:35 p.m., roughly when he sent this tweet:

“Please support our Capitol Police and Law Enforcement. They are truly on the side of our Country. Stay peaceful!”

I'll send out periodic updates from here, but as of now there is nothing further on the president's schedule for today.

Happy New Year to you all! Well, I hope you all were able to enjoy some down time. I heard that the SIOC is ramping up again and I have a bit of FOMO (Fear Of Missing Out) by not being there.

I have not seen any photos but I'll reach out to Cabinet Affairs now to see if they received any. I'll let you know as soon as I hear back!

Did you ever receive the photo from the 12/18/20 3 30 Oval Office meeting that I covered for the AG? I doubt I m in any of them, but it's worth checking.

If Mike Pence does the right thing we win the election Trump said to cheer  
“He has the absolute right to do it. We’re supposed to protect our country ...”

He said what Pence should do is:

Send it back to the state to recertify then we become president and you are the happiest people

I just spoke to Mike I said that doesn't take courage What take courage is to do nothing he said

Earlier the president claimed the crowd is hundred of thousand and that the media will not show the true size  
Some familiar rhetoric about the “rigged election” and blame for the news media and “Big Tech.”

Last night they didn't do a bad job either he said apparently meaning that the Georgia runoff election were rigged  
A few quotes from near the top, and as always check quotes against broadcast and transcript:

“We will never give up, we will never concede.”

“Our country has had enough we will not take it anymore that’s what this is all about.”

After Trump said We will not let them silence your voice a chant of Fight For Trump broke out

Trump said "we're going to walk down" to the Capitol and told the crowd he would be with them. Your pool has no further information on that.

"Mike Pence has got to come through for us, and if he doesn't that will be a sad day."

He also said Republicans must "fight" and urged the crowd to "primary the hell out of the ones who won't." Mentioned Romney, who was heckled at an airport. "I wonder if he enjoyed his flight in." Trump used the word "bullshit" which set off a chant of "bullshit, bullshit, bullshit."

Reminder these are rough quotes. Check against broadcast and transcript.

Motorcade arrived at the rally site at 11:41

"Macho Man" playing.

Trump will speak on a stage hung with blue banner reading "Save America March"

Sizable crowd on the grass. Lots of Trump flags, some worn as capes. One guy wrapped in a yellow "Don't Tread On Me" flag

Red, white and blue "Trump" Pom-Pom beanies are a popular hat choice.
