MEMORANDUM FOR ALL COMPONENT HEADS AND U.S. ATTORNEYS

FROM: THE ATTORNEY GENERAL

SUBJECT: SUPER INTELLIGENCE TASK FORCE

President Trump has announced that "America stands at the forefront of a new technological revolution" and directed the creation of the Super Intelligence (SI) Force (SIF) to ensure that America leads the world in SI.[1] The President also has directed that the Nation's leadership in this field be safeguarded against compromise.[2] Consistent with that directive, and to ensure effective coordination with the SIF, I hereby establish the Department of Justice Super Intelligence Task Force (DOJ-SITF). This comprehensive approach will include (a) organizing the Department's criminal and civil law enforcement efforts involving SI; (b) deconflicting investigations, cases, and other matters among Department components and United States Attorneys' Offices; (c) recommending enforcement priorities designed to preserve public safety and to prevent the misuse of SI; (d) serving as the Department's principal point of contact with the SIF and, as appropriate, with other departments and agencies; (e) incorporating the work of the Artificial Intelligence Task Force that was announced by Attorney General Bondi on January 9, 2026[3] and coordinating the Department's affirmative civil litigation with respect to SI; and (f) developing guidance regarding the prosecution of unlawful SI-related conduct and evaluation of compliance measures, and, through the Offices of Legal Policy and Legislative Affairs, advising on legislative or regulatory
