

The presiding ALF held a hearing on respondents' motion to terminate on December 20, 1990. At the conclusion of the hearing, the ALJ orally granted the motion to terminate and, on January 14, 1991, issued a recommended determination (RD) to that effect. The RD holds that the reinstatement of the district court's injunction assures the integrity of the Commission's orders and effectively provides complainants with the same relief as could have been provided by modifying the Commission's remedial orders. The RD was certified to the Commission pursuant to Commission interim rule 211.57(b).

On February 13, 1991, the Commission published notice (56 FR 5839) of the RD terminating the modification proceeding pursuant to the Commission's notice of November 16, 1990 (55 FR 49438), providing interested members of the public, and other federal agencies with the opportunity to file written comments on the RD within 10 days after publication of the notice of the RD. No comments were received.

After reviewing the RD, all information obtained in the modification proceeding, and all pertinent information on the record of Inv. No. 337-TA-290, the Commission determined to adopt the RD and terminate the modification proceeding.

The authority for the Commission's action is contained in section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) and in interim rule 211.57 (19 CFR 211.57).

Copies of all nonconfidential documents filed in connection with this investigation are available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436; telephone: 202-252-1000.

Issued: March 20, 1991.

By order of the Commission.

Kenneth R. Mason,

Secretary.
