an Act to be Done]

The Grand Jury charges:

COUNTS ONE THROUGH NINE

[18 U.S.C. § 1347]

A. INTRODUCTORY ALLEGATIONS

At all times relevant to this Indictment:

The Defendant

1. Defendant GARY J. ORDOG, M.D. ("ORDOG") was a  
physician who owned and operated a mobile medical clinic, which  
was operating out of a vehicle with California License Plate  
Number 2XID205 (the "Mobile Clinic"). The Mobile Clinic was  
stored at RC Storage, Space # 125, 25625-1/2 Aurora Street,

1 Valencia, California, within the Central District of California.  
2 During many appointments with patients, the Mobile Clinic was  
3 parked at 23642 Lyons Avenue #220250, Newhall, California,  
4 within the Central District of California.

5 2. At times, defendant ORDOG also used additional  
6 facilities either as storage space or as office space. These  
7 locations included 21716 Parvin Drive, Santa Clarita,  
8 California, and 26504 Valley Oak Lane, Valencia, California.  
9 Both of these facilities were located within the Central  
10 District of California.

11 3. Defendant ORDOG held himself out to be a physician who  
12 could assist patients with various toxicological symptoms,  
13 including, but not limited to, those related to various mold and  
14 chemical exposures, as well as exposure to various other  
15 substances.

16 4. Defendant ORDOG was a Medicare provider who previously  
17 had applied for and been issued a Medicare provider number by  
18 Medicare.

19 5. Defendant ORDOG billed Medicare for office visits and  
20 other outpatient visits for the evaluation and management of  
21 Medicare beneficiaries.

22 6. Between on or about March 1, 2010, and on or about  
23 December 31, 2014, defendant ORDOG submitted claims to Medicare  
24 totaling approximately \$6,524,660, for which Medicare paid  
25 defendant ORDOG approximately \$2,573,667.

26 The Medicare Program

27 7. Medicare was a federal health care benefit program,  
28 affecting commerce, that provided benefits to individuals who

1 were 65 years and older or disabled. Medicare was administered  
2 by the Centers for Medicare and Medicaid Services ("CMS"), a  
3 federal agency under the United States Department of Health and  
4 Human Services. Medicare was a "health care benefit program" as  
5 defined by Title 18, United States Code, Section 24(b).

6 8. Individuals who qualified for Medicare benefits were  
7 referred to as Medicare "beneficiaries." Each beneficiary was  
8 given a unique health insurance claim number ("HICN").  
9 Physicians and other health care providers that provided medical  
10 services that were reimbursed by Medicare were referred to as  
11 Medicare "providers."

12 9. To participate in Medicare, providers were required to  
13 submit an application in which the provider agreed to comply  
14 with all Medicare-related laws and regulations. If Medicare  
15 approved a provider's application, Medicare assigned the  
16 provider a Medicare "provider number," which was used for the  
17 processing and payment of claims.

18 10. A health care provider with a Medicare provider number  
19 could submit claims to Medicare to obtain reimbursement for  
20 services rendered to Medicare beneficiaries.

21 11. Most providers submitted their claims electronically  
22 pursuant to an agreement they executed with Medicare in which  
23 the providers agreed that: (a) they were responsible for all  
24 claims submitted to Medicare by themselves, their employees, and  
25 their agents; (b) they would submit claims only on behalf of  
26 those Medicare beneficiaries who had given their written  
27 authorization to do so; and (c) they would submit claims that  
28 were accurate, complete, and truthful.

1           12. Medicare generally reimbursed physicians for services  
2 that were medically necessary to the health of the beneficiary  
3 and were personally furnished by the physician or the  
4 physician's employees under the physician's direction.

5           13. CMS contracted with regional contractors to process  
6 and pay Medicare claims. Noridian Administrative Services  
7 ("Noridian") was the contractor that processed claims involving  
8 physician services in Southern California from approximately  
9 September 2013 to the present. Prior to Noridian, the  
10 contractor for physician services was Palmetto GBA from 2009 to  
11 2013. Prior to Palmetto GBA, the contractor for physician  
12 services was National Health Insurance Company from 2006 to  
13 2009.

14           14. To bill Medicare for physician services a provider was  
15 required to submit a claim form (Form 1500) to the Medicare  
16 contractor processing claims at that time. When a Form 1500 was  
17 submitted, usually in electronic form, the provider was required  
18 to certify:

19           a. that the contents of the form were true, correct,  
20 and complete;

21           b. that the form was prepared in compliance with the  
22 laws and regulations governing Medicare; and

23           c. that the services being billed were medically  
24 necessary.

25           15. A Medicare claim for payment was required to set  
26 forth, among other things, the following: the beneficiary's name  
27 and HICN; the type of services provided to the beneficiary; the  
28 date that the services were provided; and the name and Unique

1 Physician Identification number or National Provider Identifier  
2 of the physician who performed the services.

3 B. THE SCHEME TO DEFRAUD

4 16. Beginning in or around January 2009, and continuing  
5 through at least in or around February 2015, in Los Angeles  
6 County, within the Central District of California, and  
7 elsewhere, defendant ORDOG, together with others known and  
8 unknown to the Grand Jury, knowingly, willfully, and with intent  
9 to defraud, executed, and attempted to execute, a scheme and  
10 artifice: (a) to defraud a health care benefit program, namely  
11 Medicare, as to material matters in connection with the delivery  
12 of and payment for health care benefits, items, and services;  
13 and (b) to obtain money from Medicare by means of material false  
14 and fraudulent pretenses and representations and the concealment  
15 of material facts in connection with the delivery of and payment  
16 for health care benefits, items, and services.

17 C. MEANS TO ACCOMPLISH THE SCHEME TO DEFRAUD

18 17. The fraudulent scheme operated, in substance, as  
19 follows:

20 a. Defendant ORDOG obtained beneficiaries through  
21 various means, including, in many instances, through referrals  
22 by attorneys, counselors, and "patient care advocates" of  
23 patients purportedly suffering from various ailments associated  
24 with exposure to mold and other toxic substances.

25 b. Defendant ORDOG would generally see a beneficiary  
26 at least once in connection with the potential evaluation and  
27 management of the beneficiary's conditions. Subsequently,  
28 often several years after the last time he ever saw a particular

1 beneficiary, defendant ORDOG would submit and cause to be  
2 submitted false and fraudulent claims to Medicare for multiple  
3 office visits or other outpatient visits with the same  
4 beneficiary, when in truth and fact, and as defendant ORDOG then  
5 well knew, such visits never occurred.

6 c. For a purported office or other outpatient visit  
7 with a beneficiary, defendant ORDOG would generally bill  
8 Medicare using three Medicare codes that consisted of one  
9 evaluation and management code and two prolonged services codes.  
10 Collectively, these three codes represented services that would  
11 typically require approximately two hours of face-to-face time  
12 with the beneficiary for the purpose of conducting at least two  
13 out of the three following activities: a comprehensive history;  
14 a comprehensive examination; and/or medical-decision making of  
15 high complexity.

16 d. In some instances, defendant ORDOG would submit  
17 and cause to be submitted false and fraudulent claims to  
18 Medicare for office visits or other services for beneficiaries  
19 who were deceased well before the purported dates of service.

20 e. In some instances, defendant ORDOG would submit  
21 and cause to be submitted false and fraudulent claims to  
22 Medicare for services he purportedly provided to beneficiaries  
23 on dates when he was actually travelling and out of the area on  
24 the purported dates he provided these services. Sometimes,  
25 defendant ORDOG's claims for a certain date of services would  
26 total to more than twenty-four hours of services for that date.  
27 Also, on at least one occasion, defendant ORDOG billed for dates  
28 of service with a beneficiary before he had ever met the

1 beneficiary.

2 f. Defendant ORDOG, at times, created false and  
3 fraudulent documentation to support his false and fraudulent  
4 claims to Medicare; the documentation purported to show that  
5 visits corresponding with the claims had taken place even  
6 though, as defendant ORDOG then well knew, the visits reflected  
7 in the documentation never occurred.

8 g. Based upon the false and fraudulent claims and, in  
9 some instances, based upon the false documentation defendant  
10 ORDOG provided to support his claims, Medicare paid defendant  
11 ORDOG for services he did not in fact perform.

12 h. Those payments were deposited into bank accounts  
13 that defendant ORDOG controlled, including an account that  
14 defendant ORDOG opened in or around May 2011 at Santa Clara  
15 Valley Bank, account number xxx6038, on which defendant ORDOG  
16 was the only signatory. Medicare payments were deposited into  
17 ORDOG's bank accounts pursuant to an electronic funds transfer  
18 agreement ("EFT") to Medicare that defendant ORDOG executed and  
19 submitted, most recently in or around May 2011, listing himself  
20 as the Medical Director and as the sole point of contact.

21 D. THE EXECUTIONS OF THE FRAUDULENT SCHEME

22 18. On or about the dates set forth below, within the  
23 Central District of California, and elsewhere, defendant ORDOG,  
24 together with others known and unknown to the Grand Jury, for  
25 the purpose of executing and attempting to execute the  
26 fraudulent scheme described above, knowingly and willfully  
27 submitted and caused to be submitted to Medicare for payment the  
28 following false and fraudulent claims:
