Department of Justice/Bureau of Alcohol, Tobacco, Firearms, and Explosives	RIN 1140-AA42	Importation of Arms, Ammunition and Implements of War and Machine Guns, Destructive Devices, and Certain Other Firearms; Extending the Term of Import Permits	Notice proposing to amend the regulations of the Bureau of Alcohol, Tobacco, Firearms, and Explosives to extend the term of import permits for firearms, ammunition, and defense articles from 1 year to 2 years.	Summer 2012	If the term of an import permit was extended to 2 years, ATF estimates that the number of permit applications would be reduced by half (4,500), resulting in annual industry savings of approximately \$59,625 and agency savings of \$571,320.	The NPRM was published in the Federal Register on February 6, 2012, and the comment period closed on May 7, 2012. The Department is in the process of reviewing comments and developing a final rule.
