Introduction

The annual data tables contained in this document provide summary statistics on the civil enforcement activities of the United States Trustee Program. The tables summarize data for Fiscal Year 2008 through Fiscal Year 2014 (October 1, 2007 through September 30, 2014). This report covers civil enforcement activity in four major areas: general civil enforcement, case administration, creditor abuse, and debtor identification.

United States Trustee Program

The United States Trustee Program (Program) is the component of the Department of Justice that is responsible for overseeing the administration of bankruptcy cases. The Program's mission is to promote integrity and efficiency in the bankruptcy system by enforcing bankruptcy laws; appointing and supervising private trustees; and ensuring that those involved in the process, including debtors, creditors, attorneys, and other professionals, fulfill their legal obligations. To carry out its mission, the Program has standing to participate in every bankruptcy case within its jurisdiction. (By statute, the Program does not have jurisdiction in Alabama and North Carolina.)

Further explanation of Program activity and a more detailed explanation of the types of enforcement actions are contained in the Program's Annual Reports of Significant Accomplishments, which are posted at the following website:

http://www.justice.gov/ust/eo/public_affairs/annualreport/index.htm

Data Definitions

Formal Actions include all motions, complaints and objections filed by Program personnel with the bankruptcy court seeking some type of relief.

Informal Actions include documented telephone calls, letters, e-mail transmissions, facsimile transmissions, and documented personal conversations by the United States Trustee to the debtor, debtor's counsel, or a third party (such as a trustee), raising a specific issue in a specific case that requires a response.

Successful Litigation Outcomes include outcomes where the court entered an order granting the relief sought by the United States Trustee, in whole or in part, or the defendant agreed to other relief satisfactory to the United States Trustee.

Success Rate is computed as the total number of formal actions where the court granted some or all of the relief sought or the defendant agreed to relief satisfactory to the US Trustee, divided by the total number of formal actions adjudicated or satisfactorily resolved prior to adjudication.

Financial Impact represents debt that potentially is not discharged in a bankruptcy case as a result of Program efforts. The measure also includes funds that become part of or remain in bankruptcy estates, funds that are returned to debtors, funds that are paid to the Treasury, and sanctions and fines as a result of Program efforts.

- (1) Some enforcement activities of U.S. Trustees, even when successful, do not have a directly measurable financial impact. Therefore, there are fewer categories listed on this table than on the previous three tables.
- (2) Due to rounding, total potential financial impact by type of action or fiscal year may vary slightly from the sum of the row or column table entries.
